

QGIS Application - Feature request #16469

Copy Project/Composer Variables from one QGIS project to another

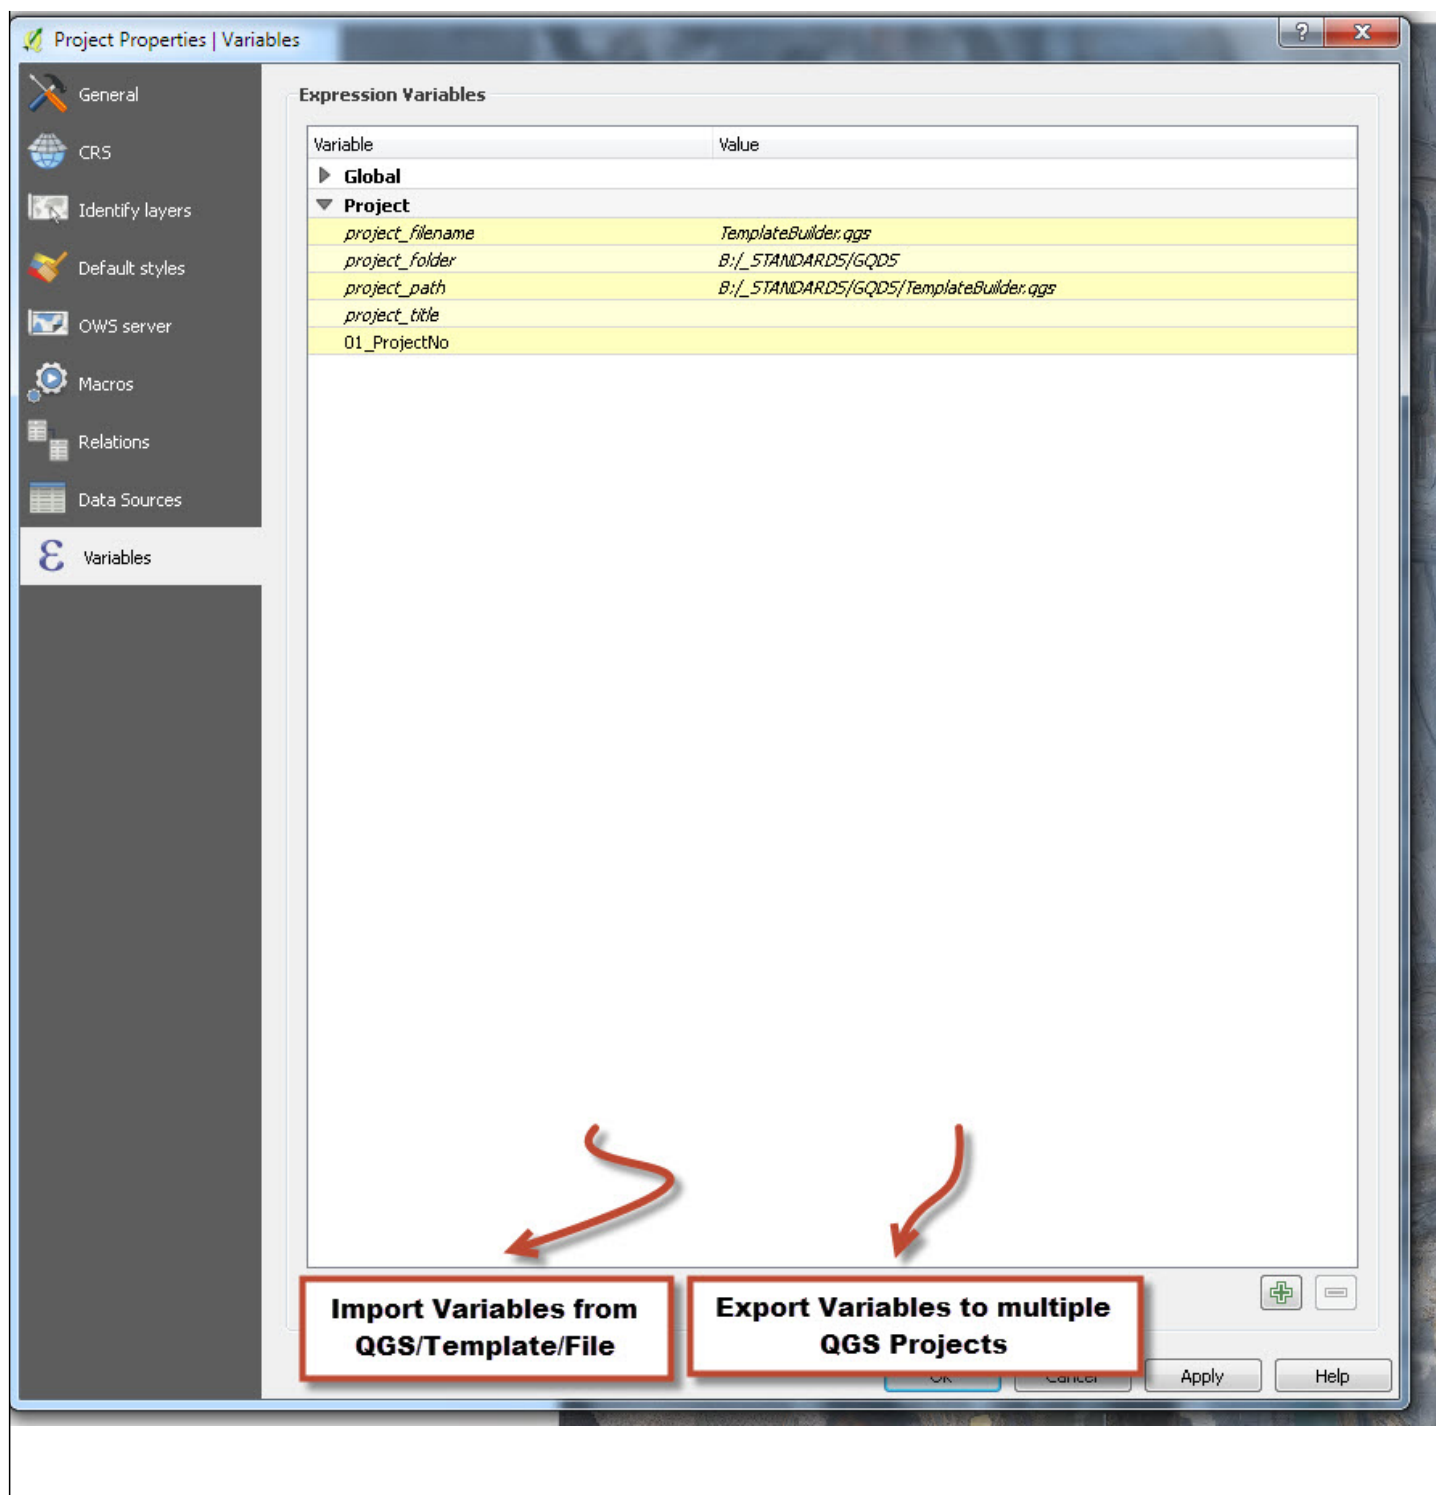

2017-04-25 09:01 PM - Brad Kanther

Status:	Open	
Priority:	Normal

Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 24378

**Description**

Project Variables and composer Variables are not easily transferred from one QGS project to another. Be good if it was possible to do this from the relevant areas they area created?

Be even better if this could be done as a batch operation on multiple QGS files!
