

QGIS Application - Feature request #16490  
make the 'create scratch layer dialog' more like the 'create new shape file' dialog'

2017-04-30 10:41 PM - Richard Duivenvoorde

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	GUI	
Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 24397
Description		
<p>Using scratch layers pretty often, I wonder why during the first creation dialog I'm not presented with (about) the same options as when I create a new shape file. That is: it would be cool to be able to add some attributes immediately.</p> <p>Maybe this can be part of the grant proposal 'ADD CONSISTENCY TO UI CONTROLS' ?</p> <p>Ah... and please also add this to the python api :-)</p>

Sorry Nyall if you feel offended by me assigning this to you... I just wanted to give an idea for the grant...
