QGIS Application - Feature request #16490
make the 'create scratch layer dialog' more like the 'create new shape file' dialog

2017-04-30 10:41 PM - Richard Duivenvoorde

Description

Using scratch layers pretty often, I wonder why during the first creation dialog I'm not presented with (about) the same options as when I create a new shape file. That is: it would be cool to be able to add some attributes immediately.

Maybe this can be part of the grant proposal 'ADD CONSISTENCY TO UI CONTROLS' ?

Ah... and please also add this to the python api :-)

- Assignee deleted (Nyall Dawson)

Sorry Nyall if you feel offended by me assigning this to you... I just wanted to give an idea for the grant...
