

QGIS Application - Bug report #16653

Adding New WMTS Provider, Missing Options

2017-06-01 04:49 PM - Andy Harney

Status: Closed	
Priority: High	
Assignee:	
Category: Web Services clients/WMS	
Affected QGIS version: master	Regression?: Yes
Operating System: Windows	Easy fix?: No
Pull Request or Patch supplied: No	Resolution:
Crashes QGIS or corrupts data: No	Copied to github as #: 24553
Description	
<p>Using QGIS 2.99 master revision 5077e12 installed via OSGeo4W64.</p> <p>Adding a new WMS/WMTS server, the GUI is missing options under Version. Options are present in the latest 2.18 & 2.14 versions. See attached images.</p> <p>Additionally, the title bar looks like there is some strange character escaping. "Create a new MS/ connection" Whereas other versions read "Create a new WMS connection"</p> <p>Many Thanks.</p>
