QGIS Application - Bug report #168
legend in map composer: misalignment

2006-07-04 08:02 AM - Redmine Admin

Status:	Closed			
Priority:	Low			
Assignee:	Marco Hugentobler			
Category:	Map Legend			
Affected QGIS version:		**Regression?:**	No	
Operating System:	Debian	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	worksforme	
Crashes QGIS or corrupts data:		**Copied to github as #:**	10227	

Description

When resizing fonts (eg because of a too long label) in a legend, in Map Composer, text gets misaligned. A screenshot is available if the description is not clear. Please let me know if you need it.

I'm unable to reproduce this problem - can you give some more detail on what you do to cause the problem?

Thanks

#2 - 2006-08-25 09:40 PM - Gavin Macaulay -

- Resolution set to worksforme

- Status changed from Open to Closed

I've tried all sorts of things to try to reproduce this problem but no luck. Feel free to reopen it if it still exists.
