

QGIS Application - Bug report #16972

SAGA and Orfeo tool box not showing in the toolbox bar

2017-08-05 04:01 AM - Esmeraldino Oliveira Junior

Status:	Closed	
Priority:	Normal	
Assignee:	Victor Olaya	
Category:	Processing/SAGA	
Affected QGIS version:	2.18.11	Regression?: No
Operating System:	Linux Mint 18.1 Serena 64-bit	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: invalid
Crashes QGIS or corrupts data:	No	Copied to github as #: 24871
Description		
<p>Hi,</p> <p>Some toolbox are not showing in the side bar despite they have been activated.</p> <p>The affected toolboxes are Saga and Orfeo.</p> <p>I'm both linux and qgis new user. This issue do not happen on windows so I think it is a compatibility problem with linux mint.</p> <p>Anyone could help me to solve this issue?</p> <p>thank you very much</p> <p>Esmeraldino</p>

Did you installed SAGA?

How did you installed OTB (from the screenshot it seems you are trying to use OTB 6, but the location is weird, why the binaries should be inside your .qgis2 folder?)?

Yes SAGA is installed.

Yes it is otb 6.0. To "install" the orfeo toolbox i just downloaded it and put into the .qgis2 folder (as I did in a windows machine, it worked there).

Thanks to your tip, i removed the folder and tried to install via ubuntuGIS with the following command lines:

```
sudo add-apt-repository ppa:ubuntugis/ubuntugis-unstable  
sudo apt-get update
```

then I just activated it in providers tab and it worked! (Thankyou)

but with saga i still haven't any clue. I installed it via: "sudo apt-get install qgis python-qgis qgis-plugin-grass"and added saga to the end following this videotutorial in portuguese (<https://www.youtube.com/watch?v=5Pm6CENguRs>) minute 6:25. Could this be the problem since it is not a official qgis instruction in the web site?

Saga is working!

After I added the repository sudo add-apt-repository ppa:ubuntugis/ubuntugis-unstable to my list i received some new updates to many extensions including saga and now it is working.

Thankyou a lot for your initial tip Giovanni!
