

QGIS Application - Feature request #17063

Add some examples to the collect function

2017-08-24 05:48 PM - Harrissou Santanna

Status:	Open	Resolution: Copied to github as #: 24962
Priority:	Normal	
Assignee:		
Category:	Expressions	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
The collect function in expression dialog has an example that is almost the description and doesn't help to understand what you can do with it and how. More examples could be nice. Thanks
