

QGIS Application - Bug report #17086

Composer items excluded from export get exported to PDF

2017-08-29 01:28 PM - Nikolay Lebedev

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Map Composer/Printing	
Affected QGIS version:	2.18.12	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:		Resolution:
Crashes QGIS or corrupts data:		Copied to github as #: 24985
Description		
<p>When setting Exclude item from exports checkbox on composer items, some of them get exported to PDF anyway. Attached is a QGIS project with sample composer and it's PDF output.</p> <p>This can also be easily reproduced by creating a new composer, adding items, excluding them from export and then hitting Export to PDF.</p>
