

QGIS Plugin Site - Feature request #17238

Add password reset prompt to login, register pages

2017-10-03 09:47 PM - Nathaniel V. Kelso

Pull Request or Patch supplied:		
Description		
It wasn't obvious / my password manager didn't know the difference that qgis.org is actually osgeo account system on the backend.		
Suggest adding a note to say: "Login with our OSGeo account information: above the login name and password form.		
And below the form add a Password reset link (presumably back to some OSGeo property).
