

QGIS Application - Feature request #17313

Adopt JRectifier or incorporate funtionality into GDAL Georeferencer

2017-10-21 02:10 PM - Steve Lowman

Status:	Open	Resolution: Copied to github as #: 25211
Priority:	Normal	
Assignee:		
Category:	C++ plugins/Georeferencer	
Pull Request or Patch supplied:	Supplied:	
Easy fix?:	No	
Description		
Janek's JRectifier plugin is so much better to use than the GDAL Georeferencer, it would be a much better core georeferencer than the GDAL one.
