

QGIS Application - Bug report #17366

Remove old settings for vertex markers

2017-10-31 09:10 AM - Loïc BARTOLETTI

Status: Closed	
Priority: Normal	
Assignee:	
Category: Digitising	
Affected QGIS version: master	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied: No	Resolution: invalid
Crashes QGIS or corrupts data: No	Copied to github as #: 25263

Description

Hi,

I think that the collapsible group box Vertex markers (Settings->Digitizing->vertex markers) should be removed (except marker size?) with the markers from Martin.

Regards.

History

#1 - 2019-01-28 11:08 PM - Loïc BARTOLETTI

- Resolution set to invalid
- Status changed from Open to Closed

This must have been a confusion between the snapping icons and the display of vertices in edit mode
