

QGIS Application - Feature request #17454

Simplify the steps to add history to metadata

2017-11-14 11:36 AM - Harrissou Santanna

Status:	Open	Resolution: Copied to github as #: 25351
Priority:	Normal	
Assignee:		
Category:	Metadata	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>Open a vector layer properties dialog --> Meatadata, History</p> <p>Clicking the + button opens a not that large "line edit box" to enter the history</p> <p>I think that it should directly add a link and enable it to edit (in blue background?). People could hence add a longer history text. Would be more confortable and save some clicks and dialog resizing.</p>
