

QGIS Application - Bug report #17556

Raster calculator expression editor should use monospace font

2017-11-26 05:34 PM - Johannes Kroeger

Status:	Closed	
Priority:	Normal	
Assignee:		
Category:	Raster Calculator	
Affected QGIS version:	master	Regression?: No
Operating System:		Easy fix?: Yes
Pull Request or Patch supplied:		Resolution: fixed/implemented
Crashes QGIS or corrupts data:		Copied to github as #: 25453
Description		
<p>The expression editor of the raster calculator does not use a fixed-width/monospace font. Other similar forms have been updated in the past so this one was likely forgotten. <a href="https://github.com/qgis/QGIS/search?q=monospace&amp;#38;type=Commits&amp;#38;utf8=?">https://github.com/qgis/QGIS/search?q=monospace&amp;#38;type=Commits&amp;#38;utf8=?</a></p>
