QGIS Application - Bug report #17595
The 3D Map Renderer setting is missing in Layers Properties dialog

2017-11-30 10:36 AM - Harrissou Santanna

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	3D			
Affected QGIS version:	master	**Regression?:**	No	
Operating System:		**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**	fixed/implemented	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	25492	

Description

The "Enable 3D Renderer" setting is only available in the Layer Styling panel, hence not discoverable if you don't use this panel or pay attention to its tabs.
It could make sense to have it in the Layer Properties dialog.
