

QGIS Application - Bug report #17598

User profile other than default does not find the online documentation

2017-11-30 01:08 PM - Harrissou Santanna

Status:	Closed		
Priority:	Normal		
Assignee:	Yves Jacolin		
Category:	Documentation and Help		
Affected QGIS version:	master	Regression?:	No
Operating System:		Easy fix?:	No
Pull Request or Patch supplied:		Resolution:	fixed/implemented
Crashes QGIS or corrupts data:		Copied to github as #:	25495
Description			
Trying to open the online doc using a user profile other than the one called "default" ends by a "Oops - no help found" page. The path shown in the System tab is the same but looks like the profile just ignores it.

Even worse: a full clean of profiles seems never to create the setting anymore?

#17670

I wonder how I had it in my (default) settings anyway, apparently at one time the settings are 'synced' to disk or so?

#2 - 2017-12-11 03:35 PM - Richard Duivenvoorde

- Related to Bug report #17670: Profiles do not pick up 'default options', even when shown in Options Dialog (eg Help Search Path) added

#3 - 2018-05-16 06:31 PM - Harrissou Santanna

- Resolution set to fixed/implemented
- Status changed from Open to Closed

Seems this has been fixed; i cannot reproduce.
