QGIS Application - Feature request #176
editing data tables

2006-07-06 03:44 AM - Redmine Admin

Status:	Closed			
Priority:	Low			
Assignee:	Gary Sherman			
Category:	Data Provider			
Pull Request or Patch supplied:			**Resolution:**	fixed
Easy fix?:	No		**Copied to github as #:**	10235

Description

the data table associated with shapefiles or GRASS vectors cannot be edited (only postgis tables can). I remember it working in previous versions, but I'm not sure about this.

History

#1 - 2006-08-22 02:53 AM - Gavin Macaulay -

- Resolution set to fixed

- Status changed from Open to Closed

This appears to have been fixed in SVN commit:e5076060 (SVN r5710) (or at least I can edit attribute data in .shp layers)

#2 - 2006-08-22 03:05 AM - Redmine Admin

Make shure that your .shp is writeable. Than it works for me too.
