Hi,

please update to 2.18.14 and try again. Also check if the same error arise when trying to install other plugins from the QGIS official repository. Report back after it. Thanks!

- Status changed from Feedback to Closed

Also, you can use QuickMapsServices plugin for the same functionality.

#5 - 2018-02-22 11:16 AM - Giovanni Manghi

- Resolution set to invalid
