

QGIS Application - Bug report #1774

man page missing for qgis.db.connect-login.pg.py

2009-07-13 10:31 AM - Paolo Cavallini

Status: Closed	
Priority: Low	
Assignee: Lorenzo Masini	
Category: GRASS	
Affected QGIS version:	Regression?: No
Operating System: All	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 11834
Description	
Cannot find man page /usr/lib/grass64/docs/html/qgis.db.connect-login.pg.py This is not in the documentation of GRASS; perhaps a link to db.connect man page would suffice	

Associated revisions

Revision 650b51b9 - 2009-07-15 10:26 AM - Lorenzo Masini

Added the possibility to specify the manpage of the modules into .qgm files.

Updated .qgm files for qgis.r.externa.all, qgis.v.out.ogr.pg and qgis.db.connect-login.pg to fix #1774.

History

#1 - 2009-07-15 01:23 AM - Lorenzo Masini

- Status changed from Open to In Progress

The manpage is determined by the "module" attribute in the .qgm file.

The plug-in loads the html file built in this manner:

```
GISBASE/docs/html/$modulename.html
```

So the manpage is displayed only for the standard modules.

#2 - 2009-07-15 01:28 AM - Lorenzo Masini

- Resolution set to fixed

- *Status changed from In Progress to Closed*

Added "manual" attribute to specify a manpage for no-standard modules.

Fixed in commit:5a16e791 (SVN r11079).
