

QGIS Application - Bug report #17888

missing symbol names in WMS legend (QGIS server)

2018-01-18 04:42 PM - Anne Blankert

Status:	Closed	
Priority:	High	
Assignee:		
Category:	QGIS Server	
Affected QGIS version:	2.14.18	Regression?: Yes
Operating System:	Ubuntu 17.10	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution: no timely feedback
Crashes QGIS or corrupts data:	No	Copied to github as #: 25783
Description		
<p>After upgrading to Ubuntu 17.10 and installing the default QGIS server from the repository, the WMS getLegendGraphics request parameter LAYERTITLE now produces wrong / different result.</p> <p>There are 2 kinds of layers:</p> <ol style="list-style-type: none">1. layers with multiple symbols (classes)2. layers with a single symbol <p>Old (expected) behavior of the LAYERTITLE option in the WMS getLegendGraphics request:</p> <p>layertitle=false => show only symbol names. If the layer has only one symbol, show the symbol name (by default identical to layer title)</p> <p>layertitle=true => for layers with more than one symbol, show the layer title at the top of the list of symbols</p> <p>New (unexpected) behavior:</p> <p>layertitle=false => (see attached image legendlayertitlefalse.png): no names for single symbol layers, symbol names for multi-symbol layers</p> <p>layertitle=true => (see attached image legendlayertitletrue.png): duplicate names for single symbol layers (layer-title + layer-title for single symbol), for multi-symbol layer: layer-title + symbol names for each symbol</p> <p>Example WMS getLegendGraphics URLs:</p> <p>layertitle=false:</p> <p>https://pico.geodan.nl/cgi-bin/qgis_mapserv.fcgi?DPI=120&#38;map=/usr/lib/cgi-bin/projects/Infra_elektra_fout.qgs&#38;request=GetLegendGraphic&#38;service=WMS&#38;itemFONTSIZE=8&#38;format=png&#38;layertitle=false&#38;layer=Infra_elektra_fout</p> <p>layertitle=true:</p> <p>https://pico.geodan.nl/cgi-bin/qgis_mapserv.fcgi?DPI=120&#38;map=/usr/lib/cgi-bin/projects/Infra_elektra_fout.qgs&#38;request=GetLegendGraphic&#38;service=WMS&#38;itemFONTSIZE=8&#38;format=png&#38;layertitle=true&#38;layer=Infra_elektra_fout</p>		

History

#1 - 2018-02-22 07:44 PM - Giovanni Manghi

- Priority changed from Normal to High

#2 - 2018-09-05 04:04 PM - Regis Haubourg

- Status changed from Open to Feedback

is it still true in 2.18 and QGIS 3 ?

#3 - 2018-11-11 04:33 AM - Jürgen Fischer

- Resolution set to no timely feedback
- Status changed from Feedback to Closed
