QGIS Application - Feature request #17906
Allow to delete user-defined CRS from Python

2018-01-20 11:23 PM - M R

Status:	Open		
Priority:	Normal

Pull Request or Patch supplied:	No	**Resolution:**	
Easy fix?:	No	**Copied to github as #:**	25802

Description

Currently there is QgsCoordinateReferenceSystem.saveAsUserCrs to create a new user-defined projection, but there is no way to delete one. It should also be possible to iterate over all user-defined projections from Python.
