

QGIS Application - Feature request #1792

Enabled button for select a texture fill pattern on SingleSymbolDialog

2009-07-19 07:10 PM - gcarrillo -

Status:	Closed	
Priority:	Low	
Assignee:	gcarrillo -	
Category:	Symbology	
Pull Request or Patch supplied:		Resolution: fixed
Easy fix?:	No	Copied to github as #: 11852
Description		
<p>Maybe the state of the [[SelectTexture]] button (enabled by default) can be confused because selecting an image doesn't make any change unless set the cboFillStyle to Texture.</p> <p>The button is disabled only changing the cboFillStyle but not by default.</p>

- Resolution set to fixed
- Status changed from Open to Closed

Hi gcarrillo,

seems to me that this problem has been already solved (at least in qgis 1.2/trunk) or your patch already been applied. I'm closing this, but please give it a try and reopen if necessary.

#2 - 2009-08-02 07:14 PM - gcarrillo -

Hi lutra, yes, there was added an event handler to correct this problem.
