

QGIS Application - Feature request #17935

Show a list of recently used Vector and Raster datasets in the Data Source Manager dialog

2018-01-23 02:57 PM - Johannes Kroeger

Status:	Open	Resolution: Copied to github as #: 25831
Priority:	Normal	
Assignee:		
Category:	Data Source Manager	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>The new Data Source Manager could become even better if it showed a list of recently used datasets!</p> <p>At least for Raster and Vector there would be enough space in the GUI, for the others, not so much. See the screenshot.</p> <p>Alternatively it could maybe use a dropdown in the File Name field (that way also the Delimited Text tab could use it.</p>
