QGIS Application - Feature request #17935

Show a list of recently used Vector and Raster datasets in the Data Source Manager dialog

2018-01-23 02:57 PM - Johannes Kroeger

Status: Open Priority: Normal

Pull Request or Patch supplied: Resolution:

Easy fix?: No Copied to github as #: 25831

Description

The new Data Source Manager could become even better if it showed a list of recently used datasets!

At least for Raster and Vector there would be enough space in the GUI, for the others, not so much. See the screenshot.

Alternatively it could maybe use a dropdown in the File Name field (that way also the Delimited Text tab could use it.
