

QGIS Application - Feature request #1795

r.patch: allow adding rasters, not typing them

2009-07-20 12:09 AM - Paolo Cavallini

Status:	Closed	
Priority:	Low	
Assignee:		
Category:	GRASS	
Pull Request or Patch supplied:	No	Resolution: fixed/implemented
Easy fix?:	No	Copied to github as #: 11855
Description Currently r.patch selects a raster from the canvas, and requests the user to write by hand additional rasters to be patched. This is cumbersome and error prone
