QGIS Application - Bug report #17968
raster clipper

2018-01-26 11:01 AM - Anthony Rutherford

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Rasters			
Affected QGIS version:	2.16.2		**Regression?:**	No
Operating System:			**Easy fix?:**	No
Pull Request or Patch supplied:			**Resolution:**	up/downstream
Crashes QGIS or corrupts data:			**Copied to github as #:**	25864

Description

When attempting to clip a raster image (.geotiff) I get the following message: "ERROR 1: The -projwin option was used, but the geotransform is

rotated. This configuration is not supported." What am I doing wrong?

Try 2.18 and report back. Also be sure (after the upgrade) that you have **not** a "processing" folder in ~/.qgis2/python/plugins/

#2 - 2018-02-01 07:23 PM - Alexander Bruy

Looks like you are trying to clip rotated dataset. Please ask in GDAL mailing list.

#3 - 2018-02-22 02:26 PM - Giovanni Manghi

- Resolution set to up/downstream
