

QGIS Application - Bug report #18252

Shape digitize tools do not show rubberband fill color when drawing polygons

2018-02-27 06:20 PM - Harrissou Santanna

Status: Closed	
Priority: Normal	
Assignee:	
Category: Digitising	
Affected QGIS version: 3.1(master)	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied: No	Resolution: fixed/implemented
Crashes QGIS or corrupts data: No	Copied to github as #: 26143
Description	
The rubberband fill color selected in Options --> digitizing dialog is not used when drawing with the Shape digitizing tools. While most of the tools draw regular shape, hence predictable, using the "Add circular string ..." tools may need this color fill
