QGIS Application - Bug report #18269
Layout legend items do not respect reference point when autosizing

2018-02-28 12:54 PM - Nigel Malcolm

Status:	Closed			
Priority:	High			
Assignee:	Nyall Dawson			
Category:	Map Composer/Printing			
Affected QGIS version:	3.0.0	**Regression?:**	Yes	
Operating System:	Windows 10.1	**Easy fix?:**	No	
Pull Request or Patch supplied:		**Resolution:**	fixed/implemented	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	26160	

Description

When in print composer, setting a legend to scale based on a reference point does not appear to work. It always appears to scale from the top left corner. I have had no issue with this in the previous versions of QGIS.

Thanks!!
