#### \*QGIS Info\*

QGIS Version: 3.0.0-Girona  
QGIS code revision: commit:001c80b0c3  
Compiled against Qt: 5.9.2  
Running against Qt: 5.9.2  
Compiled against GDAL: 2.2.3  
Running against GDAL: 2.2.3

#### \*System Info\*

CPU Type: x86\_64  
Kernel Type: winnt  
Kernel Version: 10.0.14393

## History

### #1 - 2018-03-06 12:30 PM - Giovanni Manghi

- Category changed from Actions to Vectors
- Status changed from Open to Feedback

Just tested on Windows 10/QGIS3, can't confirm.

### #2 - 2018-03-07 10:28 AM - Dario Bevilacqua

I can't upload the shapefile that caused the issue because it contains sensitive data. I'll try to replicate it with different data. I report the type and numbers of shape, it may help for replicate the error:

System Windows 10 - QGIS 3.0.0

3 line shapefile

2 point shapefile  
1 polygon shapefile

Loaded in the TOC simultaneously with drag and drop, click on new project and discard, reloaded the same shapefile with drag and drop. I've tried with much different file and the crash occurs only with some of it.

#3 - 2018-03-07 10:56 PM - Giovanni Manghi

*I can't upload the shapefile that caused the issue because it contains sensitive data. I'll try to replicate it with different data. I report the type and numbers of shape, it may help for replicate the error:*

*System Windows 10 - QGIS 3.0.0*

*3 line shapefile  
2 point shapefile  
1 polygon shapefile*

*Loaded in the TOC simultaneously with drag and drop, click on new project and discard, reloaded the same shapefile with drag and drop. I've tried with much different file and the crash occurs only with some of it.*

will wait for a dataset that would allow us replicate. Thanks!

#4 - 2018-03-12 11:57 AM - Dario Bevilacqua

- File bug.zip added

I've attached a zip file with some incriminated files (it must be loaded as mentioned above to replicate the error).

#5 - 2019-02-23 08:36 PM - Jürgen Fischer

- Resolution set to no timely feedback  
- Status changed from Feedback to Closed

Bulk closing 82 tickets in feedback state for more than 90 days affecting an old version. Feel free to reopen if it still applies to a current version and you have more information that clarify the issue.
