QGIS Application - Bug report #18379
Unable to view longer tooltips--tooltips do not expand.

2018-03-07 07:40 PM - Jay Cummins

Status:	Closed		
Priority:	High		
Assignee:			
Category:	GUI		
Affected QGIS version:	3.0.0	**Regression?:**	Yes
Operating System:	Microsoft Windows 7 Professional (6.1.7601 Service Pack 1 Build 7601)	**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	no timely feedback
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	26269

Description

I can't read the longer tool-tip text in QGIS because the tooltop text is longer than the width and it doesn't wrap past 2 lines:

QGIS 3.0:

https://i.stack.imgur.com/zB9Nn.png

QGIS 2.18:

- Priority changed from Low to High

- Category changed from Forms to GUI

#2 - 2018-03-08 09:13 PM - Richard Duivenvoorde

- File Selection_328.png added

Tooltips etc are Window Manager and Qt5 Style dependent (AND dependent on your font size).

With me her on a Win10 machine I can happily see 5 lines of wrapping tooltips.

You can try to play around a little with Options/General/Application UI Theme and Font.

But in 2.18 I also had some tooltip issues with certain Window Managers/Themes.
