

QGIS Application - Feature request #18506

Bookmarking rotation (along with scale and extent)

2018-03-21 05:25 PM - Sapana sj.gandhi07@gmail.com

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	Map Tools	
Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 26394
Description		
<p>I originally posted about this on Stack Exchange, and think it would be a good feature.</p> <p>https://gis.stackexchange.com/questions/276515/bookmarking-the-rotation-scale-and-extent-in-qgis</p> <p>Currently the bookmark tool only saves the scale and extent of the current map view, and not the rotation.</p> <p>It would be helpful to save the rotation of the map as well, so the bookmarked view can be rendered more exactly.</p>
