

QGIS Application - Bug report #1864

Saving projects with relative paths

2009-08-08 07:39 PM - Maxim Dubinin

Status: Closed	
Priority: Low	
Assignee: Jürgen Fischer	
Category: Project Loading/Saving	
Affected QGIS version:	Regression?: No
Operating System: Unix	Easy fix?: No
Pull Request or Patch supplied:	Resolution: fixed
Crashes QGIS or corrupts data:	Copied to github as #: 11924
Description	
<p>qgis works great on opening projects with relative paths to datasources, thanks to https://trac.osgeo.org/qgis/ticket/1211 but then saving the project it converts links back to absolute, even the checkbox "save absolute paths" is turned off. Data (shapefiles) and project are in the same folder. Folder name contains spaces and Cyrillic characters.</p>

History

#1 - 2009-08-12 01:08 PM - Magnus Homann

- Resolution set to fixed
- Status changed from Open to Closed

Fixed in commit:9d7d1a7a (SVN r11361).

#2 - 2009-09-29 10:13 AM - Giovanni Manghi

- Resolution deleted (fixed)
- Status changed from Closed to Feedback

Sorry to have to reopen this ticket, but saving with relative paths seems not work any more, at least under Linux (testing under Ubuntu 9.04) with both qgis 1.3 from repos and 1.4 trunk compiled.

Made simple tests with shapefiles and when the "save absolute paths" is not checked the resulting project file has the paths in the form

`./path/to/shape.shp`

instead of

`path/to/shape.shp`

so when you try to open the project it misses to find the layers and ask you for the new layer location.

#3 - 2009-09-29 10:13 AM - Giovanni Manghi

- Status changed from Feedback to Open

#4 - 2009-09-29 10:52 AM - Jürgen Fischer

I wonder when this happend. Apparently that never worked on Linux.

Made simple tests with shapefiles and when the "save absolute paths" is not checked

if you can check "save absolute paths" you are using something < commit:ed34b139 (SVN r11730). Which should have fixed this issue. Feel free to reopen, if it didn't.

*./path/to/shape.shp
instead of
path/to/shape.shp*

#5 - 2009-09-29 11:37 AM - Giovanni Manghi

right, I didn't compiled in the last days and I tought it was already solved. Thanks.
