QGIS Application - Bug report #18778
[Layout] The layout canvas size is not refreshed when a page is removed

2018-04-20 05:17 PM - Harrissou Santanna

Status:	Open		
Priority:	Normal		
Assignee:			
Category:	Map Composer/Printing		
Affected QGIS version:	3.1(master)	**Regression?:**	No
Operating System:		**Easy fix?:**	No
Pull Request or Patch supplied:	No	**Resolution:**	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	26665

Description

Add two pages to a layout
Zoom full in order to view all the pages
Right-click on one of the pages -> Remove Page
Click on the zoom full button: the extent shown is 'almost' the same covered by the two pages and not a zoom to the extent of the single remaining page.

Using the refresh button (maybe are there other actions ;)) before clicking the zoom full button does however trigger the right extent display.
