

QGIS Application - Feature request #18788

[Layout] Allow to change properties of grouped items all together

2018-04-22 10:39 AM - Harrissou Santanna

Status:	Open	Resolution: Copied to github as #: 26675
Priority:	Normal	
Assignee:		
Category:	Map Composer/Printing	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>In a print layout, group a selection of items</p> <p>Select the group, enable the item properties panel: it's empty.</p> <p>It could be nice to have common item properties (frame, background, position and size (?), rendering) listed there so that you can modify them all in one.</p>
