Description	
<p>Quick Print is a very useful plugin for beginners. Then, I'd like to customize this plugin to make "pdf" for different users : it should be possible to set the size of the différent windows, of the logo ...</p> <p>In french J'aimerais qu'il soit possible de paramettrer le plugin "impression rapide" : taille de la fenetre carte, logo ... Merci</p>

[[QuickPrint]] is meant to be easy to use, so adding many options does not seem fit here. If you want customized printing, please use the normal printing.

Feel free to reopen it if appropriate.
