## QGIS Application - Feature request #18971

## Change data source of a vector layer

2018-05-17 03:07 PM - c m

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	Vectors	
Pull Request or Patch supplied:		Resolution:
Easy fix?:	No	Copied to github as #: 26802
Description		
		er, you can see a tab named "Source"
but you cannot m	hodify/edit the source of the layer	s data to make the layer's view change/update accordingly
	ecause when you open (for insta n your changes inside the api's re	ce) a geojson feed coming from a web api, it would be really great to see the map's view quest (parameters)
