

QGIS Application - Feature request #19025

Profile tool

2018-05-25 10:08 AM - Cesar Herrera

Status:	Closed	Resolution: invalid Copied to github as #: 26856
Priority:	Normal	
Assignee:		
Category:	Python plugins	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>In order to create profiles like geological profiles, It would be interesting introduce the option to create "filled profiles" or "sections" with the option to change color of every surface.</p> <p>Another option really interested for geological / geotechnical and hydrological works it's the possibility to represent boreholes in the profile section.</p> <p>Thanks</p>
