

QGIS Application - Bug report #19090

Inability to resize columns in 'handle bad layers' dialogue box

2018-06-01 09:51 PM - Simon Dedman

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	GUI	
Affected QGIS version:	3.0.3	Regression?: No
Operating System:	Win10	Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 26920
Description		
<p>One can resize the handle bad layers box as a whole by dragging the edge, although double clicking the toolbar fills the screen vertically but not horizontally, peculiarly.</p> <p>However one cannot resize the columns within the dialogue box, meaning it can be impossible to see the names of the layers. See attachment.</p>
