

QGIS Application - Bug report #19157

Vertex Tool not working

2018-06-10 06:23 AM - Patrick Harvey

Status: Closed	
Priority: Normal	
Assignee: Patrick Harvey	
Category: Map Tools	
Affected QGIS version: 3.0.3	Regression?: No
Operating System:	Easy fix?: No
Pull Request or Patch supplied:	Resolution:
Crashes QGIS or corrupts data:	Copied to github as #: 26987
Description	
I am trying to edit polygons with the vertex tool. I can't create any new vertexes or move the points that are on the current vertex.

Hi,

This was an end user error issue. I managed to work out what was happening with the editor and it is working fine now.
