QGIS Application - Bug report #19244
Composer Legend Not located at the right place during export in atlas

2018-06-22 09:18 AM - nicolas sauzay

Status:	Closed			
Priority:	Normal			
Assignee:				
Category:	Map Composer/Printing			
Affected QGIS version:	2.18.20	**Regression?:**	No	
Operating System:	windows 10	**Easy fix?:**	No	
Pull Request or Patch supplied:	No	**Resolution:**	not reproducable	
Crashes QGIS or corrupts data:	No	**Copied to github as #:**	27072	

Description

Composer Legend is not locatated at the right place during pdf export in atlas when defining it's position throught computation formula.
for example, formula like "@layout_pagewidth -20" is used for x position. Page size is defined throught atlas layer attributes.
On screen visualisation is correct but pdf export is wrong.
