QGIS Application - Feature request #1954 Save SpatiaLite connections in QGIS projects

2009-09-28 09:41 AM - Alexander Bruy

Status: Closed
Priority: Low
Assignee: nobody -

Category: Project Loading/Saving

Pull Request or Patch supplied:Resolution:fixedEasy fix?:NoCopied to github as #: 12014

Description

QGIS works great on opening projects with relative paths to datasources. But this does not work for [[SpatiaLite]] layers - connections don't stored in project file.

So when QGIS project with [[SpatiaLite]] layer is moved from one place to another - [[SpatiaLite]] connections are lost. It would be nice to save [[SpatiaLite]] connection settings in QGIS projects

History

#1 - 2009-09-28 02:39 PM - Jürgen Fischer

- Resolution set to fixed
- Status changed from Open to Closed

added in commit:ed34b139 (SVN r11730)
