

## QGIS Application - Feature request #1992 fixed space font for GRASS output window

2009-10-10 12:44 AM - Paolo Cavallini

<b>Status:</b> Closed	
<b>Priority:</b> Low	
<b>Assignee:</b> Lorenzo Masini	
<b>Category:</b> GRASS	
<b>Pull Request or Patch supplied:</b>	<b>Resolution:</b> fixed
<b>Easy fix?:</b> No	<b>Copied to github as #:</b> 12052
<b>Description</b>	
In the grass output window, proportional fonts are used. This is inconvenient for reports (e.g. r.coin, and several others), as the results are misaligned and difficult to read. Better use courier or similar, if possible

- Resolution set to fixed
- Status changed from Open to Closed

Fixed in changeset:12681.

The output window is in fact very simple html browser, so i put all the output from grass module into `<pre>` html tag. Now the output looks like terminal.
