Description

When a new release is out, you are asked to download that version but the message is half translated and translatable (couldn't find the English part on Transifex)
See the attached screenshot.

History

That's from version.txt produced by mkversion.py. It's parsed at source:src/app/qgsversioninfo.cpp#L56 . i18n is currently not taken into account.

#2 - 2018-10-29 01:26 PM - Jürgen Fischer

- Category changed from Unknown to Translations and international

#3 - 2018-10-31 03:50 PM - Harrissou Santanna

Thanks Jürgen for the explanation. Hoping that someone more skilled than me will add the missing bit to enable translations.
