

QGIS Application - Bug report #20311

Bad request for WMS (STYLES)

2018-11-01 09:00 AM - Pavel Svoboda

Status: Closed	
Priority: High	
Assignee:	
Category: Web Services clients/WMS	
Affected QGIS version: 3.4.0	Regression?: No
Operating System: Windows 10	Easy fix?: Yes
Pull Request or Patch supplied: No	Resolution: duplicate
Crashes QGIS or corrupts data: No	Copied to github as #: 28132
Description	
After adding WMS without styles, a request for the STYLES parameter is incorrectly generated. If the style is not specified, the parameter must be STYLES= not just STYLES (see the picture in the appendix). Each web server has a problem with it. Sample WMS: http://geoportal.cuzk.cz/WMS_ORTOFOTO_PUB/WMSservice.aspx
