

QGIS Application - Feature request #20370

Attributes Form

2018-11-05 05:22 PM - Johannes Metzler

Status:	Open	Resolution: Copied to github as #: 28190
Priority:	Normal	
Assignee:		
Category:	Edit widget	
Pull Request or Patch supplied:	No	
Easy fix?:	No	
Description		
<p>Would it be possible to add "editable" option to all Widgets like it is at the unique value widget? (or turn off the attribute form data checks when editing the attribute table directly)</p> <p>it would give the user more freedom to collect attributes on historical data wich are not always exactly the same.</p> <p>Thanks!</p>
