# QGIS Application - Bug report #20710 Can't save a model in the Processing Modeler

2018-12-04 01:13 AM - Mark Ervin

Status: Closed Priority: Normal

Assignee:

Category: Processing/Modeller

Affected QGIS version: 3.4.2 Regression: No Operating System: Windows 10 Easy fix?: No

Pull Request or Patch shapplied: Resolution: worksforme
Crashes QGIS or corrupts data: Copied to github as #: 28530

### **Description**

After the model is created, the "save model" button is clicked and an error is generated stating "Please enter a model name before saving". There is no dialog box to enter such a name an no other method has been discovered.

### History

## #1 - 2018-12-05 06:06 PM - Giovanni Manghi
