

## QGIS Application - Bug report #20829

### Snapping options in meters rounded to integers

2018-12-18 09:09 AM - Hugo Mercier

<b>Status:</b>	Closed	
<b>Priority:</b>	Normal	
<b>Assignee:</b>	Loïc BARTOLETTI	
<b>Category:</b>	GUI	
<b>Affected QGIS version:</b>	3.4.2	<b>Regression?:</b> Yes
<b>Operating System:</b>		<b>Easy fix?:</b> No
<b>Pull Request or Patch supplied:</b>	No	<b>Resolution:</b>
<b>Crashes QGIS or corrupts data:</b>	No	<b>Copied to github as #:</b> 28648
<b>Description</b>		
<p>Snapping options expressed in map units (meters) in basic mode (not advanced) are rounded to integers, which may be a problem if you need to snap a something under a meter (say 10 cm), that gets rounded to 0.</p> <p>In advanced mode, there is no rounding and it works fine.</p> <p>My environment has a French local, but I also tested by launching QGIS with LANG=C and observe the same problem.</p>
