Description

Performing an "Identify features" on a point in a spatialite layer causes QGIS to crash.

History

#1 - 2009-11-14 03:34 PM - mesajs -

Problem occurs after a new (text)column was added to a point layer using the Spatialite GUI.

#2 - 2009-11-15 02:39 AM - Giovanni Manghi

not confirmed under xp 32 bit using qgis-dev installed with the osgeo4w installer.

Please try the dev version and report back.
