

QGIS Application - Feature request #20964

Improved log file for processing models

2019-01-10 10:05 AM - Magnus Nilsson

Status:	Open	Resolution: Copied to github as #: 28783
Priority:	Normal	
Assignee:		
Category:	Processing/Modeller	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
<p>I miss a few aspects in the log file for a processing model:</p> <ul style="list-style-type: none">- Time when processing started- Time when processing finished- Total processing time (not not just the time for each individual tool). Useful for finetuning the model.- Number of features read and written
