

QGIS Application - Bug report #21225

sql "order by" does not work with the "Add/Edit Virtual Layer" feature

2019-02-11 09:19 AM - Alain FERRATON

Status:	Open	
Priority:	Normal	
Assignee:		
Category:	Virtual Layers	
Affected QGIS version:	3.4.4	Regression?: No
Operating System:		Easy fix?: No
Pull Request or Patch supplied:	No	Resolution:
Crashes QGIS or corrupts data:	No	Copied to github as #: 29043
Description		
<p>On a simple example add a virtual layer with the functionality "Add/Edit a virtual layer" : SELECT * FROM mylayer ORDER BY myfield</p> <p>the virtual layer created is not sorted.</p> <p>If you use DBmanager it works correctly.</p>

In addition...

It seems to be a display problem of "open attribute table",
If you run a SQL query in DBManager (SELECT * FROM MyVirtualLayer) or if you display the attribute table in a layout, the data is correctly sorted.
