

QGIS Application - Feature request #21249

Vector Feature Density

2019-02-13 01:53 AM - Alejandro Pareja

Status:	Open	Resolution: Copied to github as #: 29067
Priority:	Normal	
Assignee:		
Category:	Processing/QGIS	
Pull Request or Patch supplied:		
Easy fix?:	No	
Description		
I suggest a tool for the density of vector features (points, lines or polygons) within a specified distance of each grid cell in a raster. Similar to ArcGIS line density and Whitebox GAT Vector Feature Density and Vector Attribute Gridding.
